

Faults and Emergencies

24/11/2024

To:

**3 Charlesworth Street, McCrae
VIC 3938 [ref:!00D900KRNM.
500Mp0QK0BN:ref]**

Good afternoon

Thank you for reporting the water leak issue.

We will require further information to assess if there is a leak coming up through the road, as the photos show it may just be a drainage issue.

South East Water has no water assets in the location.

Are you able to advise if there is a constant water flow coming out of the road. Does the leak look like it is drying up. Alternatively, you can contact our faults department on 132812 option 2 to report the issue.

Your reference number is 08459100. Please quote this number if you need to contact us

Kind Regards,

Yasmine

South East Water
