Good morning,

Please be advised the ongoing water issues at Charlesworth, Waller & now Coburn Avenue are under the management of South East Water.

Fulton Hogan have liaised with SEW supervisor over the last few weeks to advocate on getting prompt action out here given the impact to both private property and MPS assets. SEW have identified a burst water main and shut water off 31.12.24, however there is still water flowing.

SEW have confirmed given the amount of water (flowing now for nearly 6 weeks) it is not an MPS storm water concern. Recent update as of 2.01.25 is that another leak detection team are heading down to further investigate. An update is also being provided as we speak to the SEW Customer team to be sure to advise residents that the issue is under the management of SEW.

Hoping everyone had a great festive season and wishing you all a Happy New Year.

Many thanks,

Jenna
