Has purchased property (settles in June). Would like to construct carport and fence.

Advised that there are currently some steps leading up to property which he believes are on the nature strip - this may cause interference with fence location - can fence be built in front of this on nature strip?

Zoning: R1Z
Overlays: DDO3, ESO25, VPO1
Called Ben and advised that planning permit would be required and that he would need permission from Council's Property Department to build a fence within the laneway.
