Good evening, all,

Transition to Recovery

VicSES have signed the transition document and a handover meeting was conducted today.

Security update

We have engaged our security company to provide a 24/7 presence around the landslide site. There will be a security guard on site conducting patrols on foot and in a vehicle. This will replace the four nightly patrols that have been occurring. Police patrols will continue as previously arranged.

Social Recovery update

Emergency Recovery Victoria have shared a list of local and state-based agencies that offer psychosocial and other forms of assistance to people following emergency events. The attached file contains those links.

Investigation update

The geotechnical engineers are continuing their investigations.

The next update will be provided on Tuesday.

Thank you

ANDREW BRICK (he/him) | Team Leader - Community Resilience and Emergency Management
