10-12 VIEW POINT RD, McCRAE

PROPOSED 2.7m x 2.7m timber DECKSTATEMENT

The proposed deck will be installed at the edge of the garden bed as show ~~no~~ on drawing TP-05 attached.

two 500 ϕ concrete footings will support 2 columns supporting one bearer, in turn supporting joists, per engineering, attached.

stability will be provided by 2 116x116 treated posts set 1500 into concrete and horizontal cross bracing per plan.

No vegetation except for small shrubs or grasses will be removed.

There will be no excavation, except for the two 500 ϕ concrete footings/posts.
