PLANNING PERMIT

Permit No: P04/1497
 Planning Scheme: Mornington Peninsula
 Responsible Authority: Mornington Peninsula Shire

ADDRESS OF THE LAND:

611 – 613 POINT NEPEAN ROAD MCCRAE (Lot 7 LP 11038 Vol 6573 Fol 562
 PC 361036 Vol 10353 Fol 959)

THE PERMIT ALLOWS:

THE DEVELOPMENT OF FIVE DWELLINGS IN ACCORDANCE WITH THE
 ENDORSED PLANS

THE FOLLOWING CONDITIONS APPLY TO THIS PERMIT:

Conditions Nos. 1 to 24 inclusive

1. Prior to the commencement of buildings and works the applicant must submit a report prepared by an accredited environmental auditor confirming, to the satisfaction of the Responsible Authority, that the proposed development and construction methods will not prejudice the long term monitoring and management of ground water quality on the site.
2. Prior to the initial occupation of the dwellings, a ground water quality management plan, generally in accordance with the Lane Consulting Environmental Audit Report, 12 August 2003, must be submitted and approved to the satisfaction of the Responsible Authority. The plan must include recommended mechanisms for ongoing ground water monitoring, criteria for the assessment of satisfactory performance and contingency plans that may be implemented by the future land owners to address ground water quality issues that may arise.
3. Prior to the initial occupation of the dwellings, the applicant must enter into an agreement with the Responsible Authority, pursuant to Section 173 of the *Planning and Environment Act 1987*. This agreement must be registered by the applicant pursuant to Section 181 of the *Planning and Environment Act 1987* on the title:

IMPORTANT INFORMATION ABOUT THIS PERMIT

WHAT HAS BEEN DECIDED?

The Responsible Authority has issued a permit.

(Note: This is not a permit granted under Division 5 of Part 4 of the *Planning and Environment Act 1987*.)

WHEN DOES A PERMIT BEGIN?

A permit operates:

* from the date specified in the permit, or

* if no date is specified, from:

- (i) the date of the decision of the Victorian Civil and Administrative Tribunal, if the permit was issued at the direction of the Tribunal, or
- (ii) the date on which it was issued, in any other case.

WHEN DOES A PERMIT EXPIRE?

1. A permit for the development of land expires if-
 - * the development or any stage of it does not start within the time specified in the permit; or
 - * the development requires the certification of a plan of subdivision or consolidation under the **Subdivision Act 1988** and the plan is not certified within two years of the issue of the permit, unless the permit contains a different provision; or
 - * the development or any stage is not completed within the time specified in the permit, or, if no time is specified, within two years after the issue of the permit or in the case of a subdivision or consolidation within 5 years of the certification of the plan of subdivision or consolidation under the **Subdivision Act 1988**.
2. A permit for the use of land expires if-
 - * the use does not start within the time specified in the permit, or if no time is specified, within two years after the issue of the permit, or
 - * the use is discontinued for a period of two years.
3. A permit for the development and use of land expires if-
 - * the development or any stage of it does not start within the time specified in the permit; or
 - * the development or any stage of it is not completed within the time specified in the permit, or, if no time is specified, within two years after the issue of the permit; or
 - * the use does not start within the time specified in the permit, or, if no time is specified, within two years after the completion of the development; or
 - * the use is discontinued for a period of two years.
4. If a permit for the use of land or the development and use of land or relating to any of the circumstances mentioned in section 6A(2) of the **Planning and Environment Act 1987**, or to any combination of use, development or any of those circumstances requires the certification of a plan under the **Subdivision Act 1988**, unless the permit contains a different provision-
 - * the use or development of any stage is to be taken to have started when the plan is certified; and
 - * the permit expires if the plan is not certified within two years of the issue of the permit.
5. The expiry of a permit does not affect the validity of anything done under that permit before the expiry.

WHAT ABOUT APPEALS?

- * The person who applied for the permit may appeal against any condition in the permit unless it was granted at the direction of the Victorian Civil and Administrative Tribunal where, in which case no right of appeal exists.
- * An appeal must be lodged within 60 days after the permit was issued, unless a Notice of Decision to grant a permit has been issued previously, in which case the appeal must be lodged within 60 days after the giving of that notice.
- * An appeal is lodged with the Victorian Civil and Administrative Tribunal.
- * An appeal must be made on a Notice of Appeal form which can be obtained from the Victorian Civil and Administrative Tribunal, and be accompanied by the prescribed fee.
- * An appeal must state the grounds upon which it is based.
- * An appeal must also be served on the Responsible Authority.
- * Details about appeals and the fees payable can be obtained from the:

PLANNING PERMIT

Permit No: P04/1497
Planning Scheme: Mornington Peninsula
Responsible Authority: Mornington Peninsula Shire

The agreement must ensure:

- * The ongoing monitoring of ground water quality in accordance with the approved ground water quality management plan referred to in condition 1 of this permit.
- * Ongoing responsibility on the landowners to undertake any remedial actions that may be required in relation to ground water quality management, generally in accordance with the requirements outlined in the approved ground water quality management plan referred to in condition 1 of this permit. The agreement may provide for the termination of monitoring requirements and associated obligations on the landowners subject to the submission of report from an accredited environmental auditor, demonstrating, to the satisfaction of the responsible authority, that monitoring of ground water quality is no longer required.

Note: the costs in preparation and registration of such agreement are to be met by the applicant.

4. The layout of the land, the size and type of the proposed buildings and works, including the materials of construction, on the endorsed plan must not be altered or modified without the consent of the Responsible Authority.
5. All disturbed surfaces on the land resulting from the development must be revegetated and stabilised to the satisfaction of the Responsible Authority.
6. The materials and colour of the exterior finish of the building must be in accordance with the endorsed plans unless with the further permission of the Responsible Authority.
7. All stormwater discharging from the development on the land must be directed (via underground pipe) to the stormwater outfall pit located in Margaret Street to the satisfaction of the responsible authority.

Stormwater drainage works must be designed to provide:

- 7.1 A property inlet connection for each dwelling;
- 7.2 Permanent saltation control measures during construction;
