Subject: McCrae usage comparison
Attachment: McCrae Usage comparison.xlsx

Hi Perna and Tim,

Please see attached sheet with the usage for McCrae properties where I have compared the impacted property (10 View Point Road) with all other properties over the last 12 quarters. I am happy to do some further analysis on these figures tomorrow if you need.

Some interesting observations:

- 10 View Point Road has the highest average and median usage over the 12 quarters
- Over individual quarters, 10 View Point Road had the highest usage for 7 of 12 quarters
- 4 View Point Road (2 doors down from no 10) is the second highest water user in the area
- The top 4 users in the suburb are all clustered around the incident location (picture below)

Thanks
Nick
