Dear Mr. Stent,

PUBLIC LIGHTING

I am in receipt of correspondence you directed to the State Electricity Commission concerning street lighting.

The Council is responsible for the recommendation of public lighting within the Shire as well as the payment of accounts for the lighting once it is installed.

Council Officers will carry out an inspection of View Point Road to determine where installations should be placed.

When this has been determined the State Electricity Commission will be requested to install the fittings as soon as possible thereafter.

Yours faithfully

Dear Sir,

PLAN OF CONSOLIDATION - J.R. MARRIOTT
10-12 VIEWPOINT ROAD, McCRAE

I refer to your letter of the 11th December, 1980, regarding a requirement by the Titles Office that the words "and sewerage" be deleted from the sealed plan of consolidation. In this regard please find enclosed letter addressed to the Titles Office consenting to the deletion of the expression "and sewerage".

I trust this advice will assist you in the finalisation of this matter.

REPLY TO Mornington OFFICE

11th December, 1980

Planning Department,
Shire Flinders,
Besgrove Street,
ROSEBUD, VIC., 3939

Dear Sir,

RE: Marriott - Plan of Consolidation View Point Road, McCrae

We refer to our aborted appointment arranged between your Mr. Thompson and the writer some weeks ago, unfortunately it has not been possible for our Mr. Hicks to re-arrange a fresh personal appointment and the purpose of this letter is to attempt to set out the matters which would, it was hoped, have been discussed directly.

Some time ago the Shire sealed a Plan of Consolidation No. 109563 with respect to land owned by Mr. Marriott at the same time as it sealed a similar application relating to adjoining land owned by Mr. deHelin in View Point Road, Mc Crae.

We enclose herein photo copy of the survey requisition which we received. Upon receipt of the Requisition a copy was sent to Mr. Surveyor da Costa for him to arrange for it to be attended to. We also enclose a photo copy of his letter to us dated 25th June, 1980. Unfortunately Mr. Surveyor da Costa, due to ill health, has been unable to assist in the matter and we do not have a copy of the Plan which he prepared and he has been unable to provide us with one. To this extent we are operating in the dark. It is however important that the matter be resolved even without the assistance of the Surveyor and we would be pleased if Council would consider the matter with a view to agreeing to delete the words 'and sewerage'.

In the alternative if this is not acceptable to Council if you could furnish us with a copy of the relevant plan from your records we would then be able to prepare the documentation for a Creation of Easement. We await your reply.

Yours faithfully
HICKS & KESIK

Dear Sir,

Re: Marriott & D'Helin
Your Ref. 419/76

Thank you for your letter dated 19/6/80 enclosing the Titles Office requisition in regard to Plan of Consolidation No. 109563.

At the time of sealing of Plan of Subdivision No. 114212, I had a request from the Council that the easement shown on the plan which was designated "drainage" be amended to read "drainage and sewerage" and on the 28th August 1974 I forwarded copies of the plan to the Council making the necessary amendment to the appropriation and requesting that they replace the original plan with the declared copy enclosed at that time.

Apparently the Council did not make this replacement and, in fact, must have sealed the old plan. I must admit I did not make a check of the situation probably on the mistaken belief that Council would look after themselves and, hence, the reason for this requisition.

I doubt very much whether Council would be prepared to remove the words "and sewerage" from the plan of consolidation and would, therefore, suggest that a creation of easement be made so as to correct the situation.

Yours faithfully,

RE: PLAN OF CONSOLIDATION NO.109563
J.R. MARRIOTT

The notation for the encumbrance shown on the plan of consolidation does not agree with that noted on Plan of Subdivision Number 114212.

The plan of consolidation will require amendment by deleting reference to the "and sewerage" part of the notation, with the consent of council.

SHIRE OF FLINDERS

ENGINEER'S REPORT

17TH JANUARY, 1979

PAGE NO. 83

25. APPLICATIONS FOR PLAN OF TRANSFER P.S. 2488,
PLAN OF CONSOLIDATION P.S. 2486 AND PLAN OF
CONSOLIDATION P.S. 2487 (Cont'd)

The application sets out the reduction in number of existing allotments from 3 to 2, utilising the transfer and consolidation method. It is proposed to divide Lot 55 into two portions with one portion being transferred to and consolidated with the adjoining Lot 56 and the other being likewise transferred and consolidated with adjoining Lot 1. Dwellings presently exist on Lot 56 and Lot 1.

With regard to plan of transfer P.S. 2488, the applicant has requested that Council exempt the plan from Subdivision 3 of Division 9 of Part XIX of the Local Government Act 1958, which would otherwise require that Council refer this matter to the Statutory Authorities. Under the circumstances it is considered such a request is reasonable in this instance.

The plans otherwise comply with the requirements of the Residential A zone and there is no objection to the proposal.

IT IS RECOMMENDED:

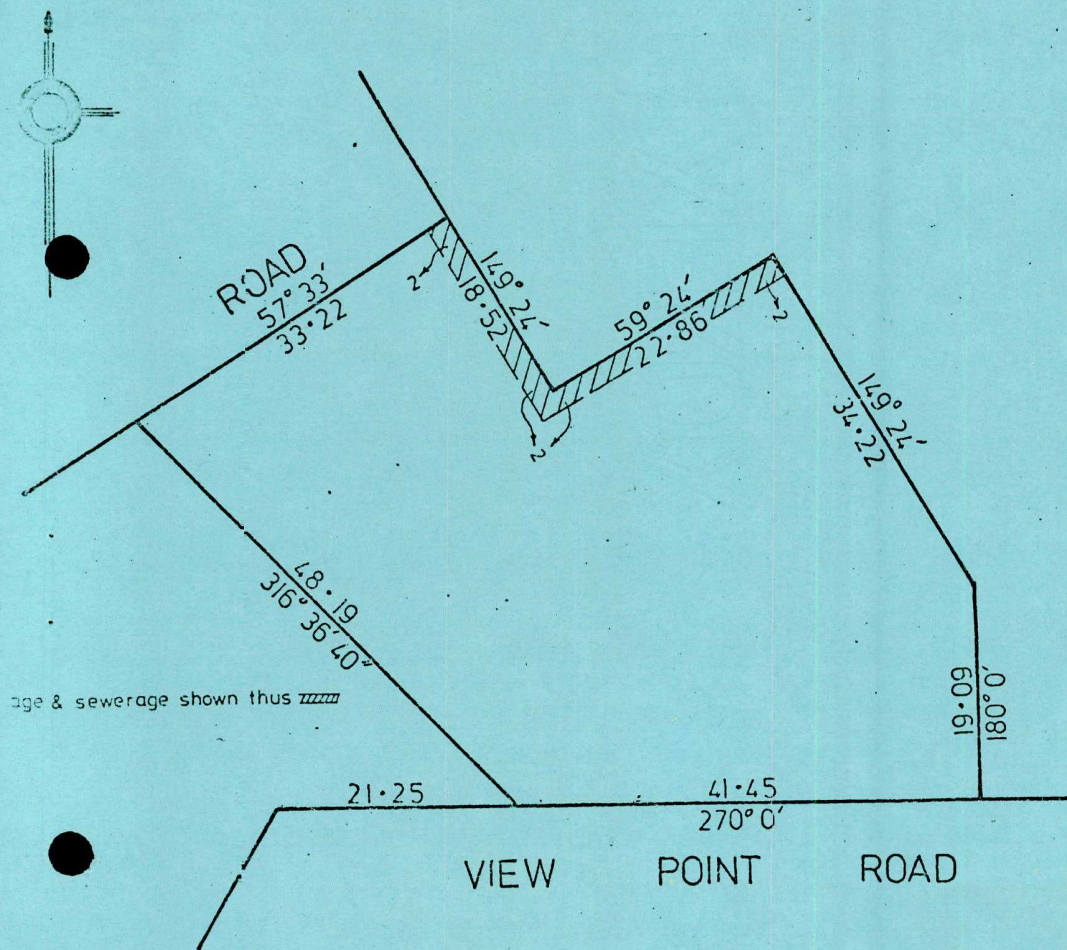

THAT WITH REGARD TO PLAN OF TRANSFER P.S. 2488 THAT COUNCIL BEING OF THE OPINION THAT THE PLAN SHOULD BE EXEMPTED FROM SUBDIVISION 3 OF DIVISION 9 OF PART XIX OF THE LOCAL GOVERNMENT ACT 1958, CAUSE A DECLARATION TO THAT EFFECT UNDER THE SEAL OF THE SHIRE OF FLINDERS TO BE ENDORSED ON THE PLAN.

IT IS FURTHER RECOMMENDED:

THAT WITH REGARD TO PLANS OF CONSOLIDATION P.S. 2486 AND P.S. 2487 THE PLANS BE SEALED.
