Misuse of Council Information

You are provided with access to an array of information to fulfill your day to day duties as an Officer of the Shire. But you are only entitled to that information within your professional responsibilities.

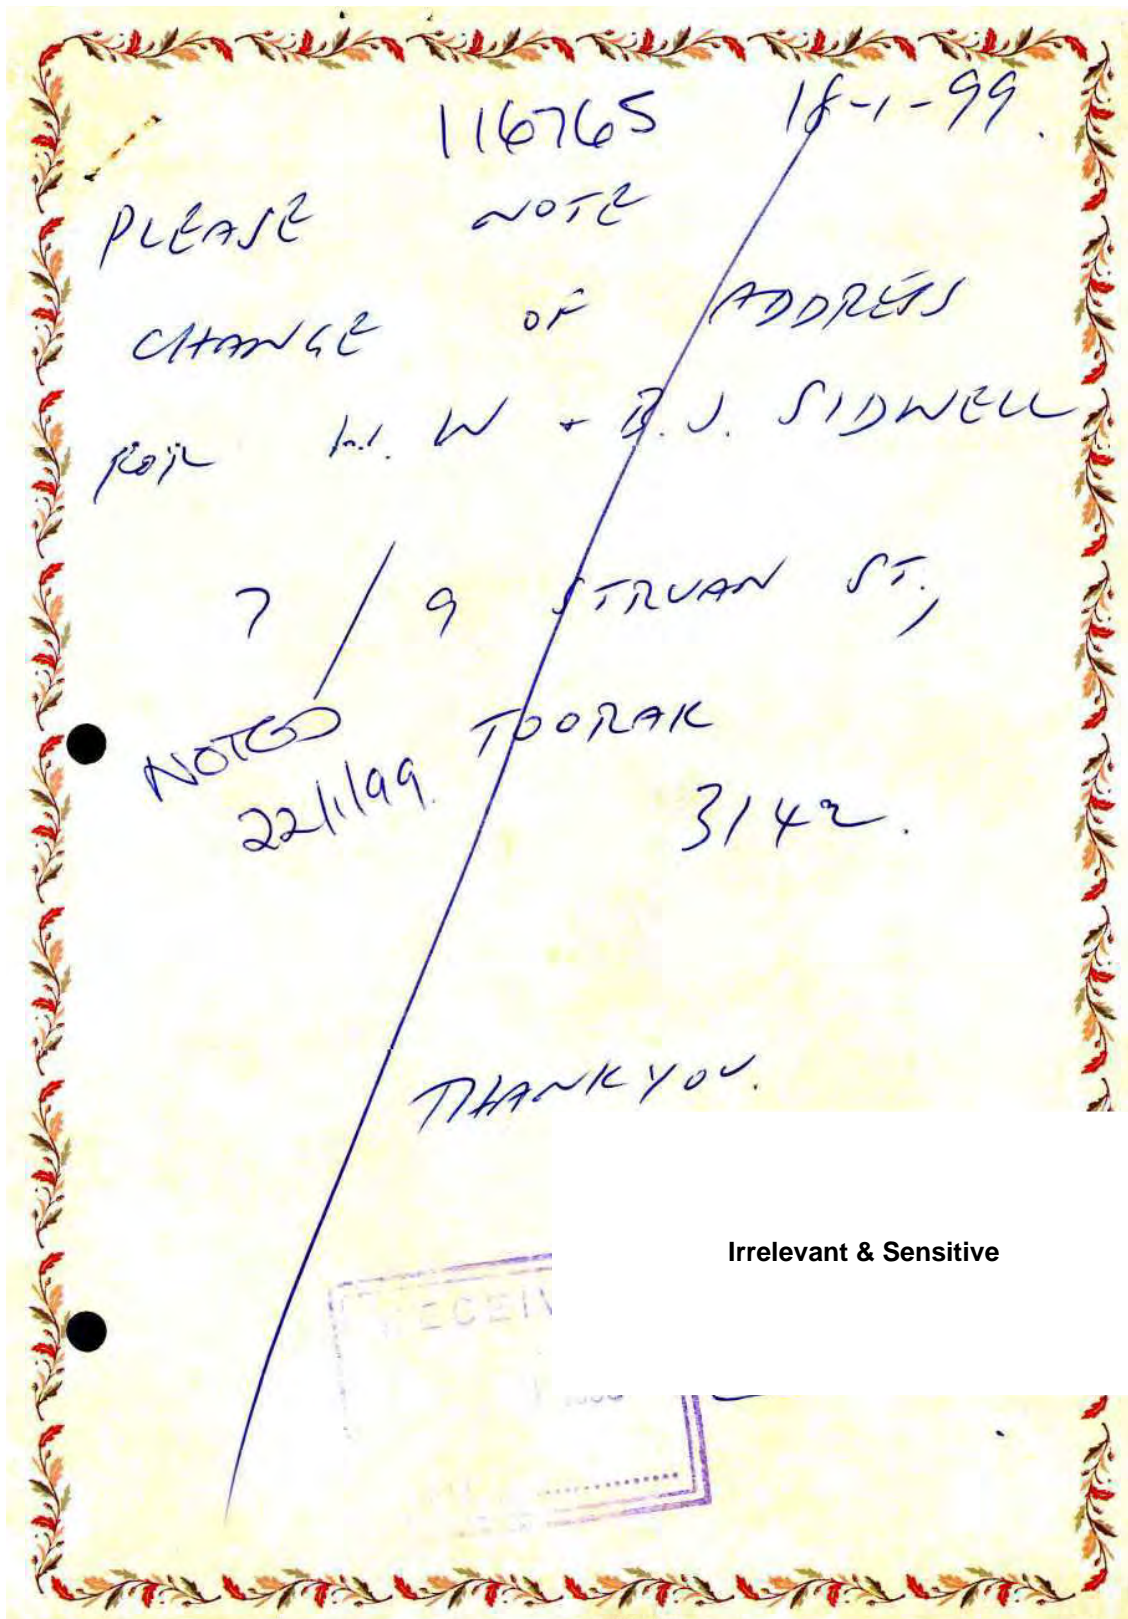

You must not access any Council information for personal reasons - even if the information would be considered appropriate to release under a Freedom of Information application - in these instances, you are required to access Shire information the same as any member of the public.

Sneaking a glance at your neighbour's property information, looking up a planning application, a valuation of a property etc - if not part of your professional role - is a misuse of Council's information and subject to penalties!

Information Privacy

Officers are bound to the Shire's Information Privacy Policy and the Information Privacy Act for the management of the personal and health information the Shire collects, holds, uses and discloses.

You must be aware of this policy and the possible implications to your role.

SUPPLEMENTARY BATEMAN NOTICE

MORNINGTON PENINSULA Shire Council

NOTICE OF VALUATION

The value of the property described in this notice, owned or occupied by you, has been assessed as at the 30th June 1994 level of market value.

The assessed values are shown on the front of this notice. Other authorities may use the values shown for the purpose of levying a rate or tax.

RATES NOTE:

The rate now levied is calculated:

1. from the commencement of the rating year to the day before the effective date – calculated pro-rata on the previous Capital Improved Value.
2. from the effective date for the remainder of the rating year – calculated upon the supplementary Capital Improved Value.

OBJECTION TO VALUATION

Section 37 of the Valuation of Land Act provides that where notice of a valuation has been given by a Council for the first time, any person who wishes to object against the valuation must lodge an objection with the Council within two months after the notice is given. In other cases, the objection must be lodged during the months of February and March.

An objection is made by lodging it on the prescribed form with the Council, giving particulars of the valuation(s) to which you object and the grounds on which your objection is based.

Copies of prescribed forms are available from the Council during office hours. The grounds for objection are set out in Section 36 of the Valuation of Land Act 1960.

The manner in which your objection will be considered by Council and your further rights of objection and appeal are set out in Division 4 of Part III of the Valuation of Land Act 1960.

DEFINITIONS

Site Value (S.V.) – Is the value of the unimproved land.

Capital Improved Value (C.I.V.) – Is the total unencumbered value of the property including land.

Net Annual Value (N.A.V.) – Represents the reasonable annual rental of a property. Legislation requires that the N.A.V. be 5% of the C.I.V. on residential properties.

ALLOCATION OF PAYMENTS

Unless otherwise specified, all payments will be allocated as follows: legal costs owing if any, then interest owing if any, then arrears owing if any, then current rates and charges.

PENALTIES FOR FAILING TO PAY INTEREST

Where rates are being paid by instalments, interest will be charged on any instalment amount received after the relevant instalment due date. In all cases, interest will be calculated at 12% per annum from the date rates became due and payable to the date of receipt of payment.

Interest will continue to accrue on any arrears outstanding from previous year(s). Unless arrears and interest are paid immediately, the amount shown as 'Total Due' on the front of this notice will no longer apply.

LEGAL PROCEEDINGS

Legal proceedings may be issued against you to recover rates, charges and interest thereon and legal costs.

SALE OF LAND

If rates and charges are owing for at least three years and have not been deferred, the Council may, subject to the Local Government Act 1989, sell the land to recover money owing on it.

APPEAL TO THE COUNTY COURT

If you consider that the land described in this notice is not rateable land or that the rate or charge assessment has been calculated incorrectly or that you are not liable to be rated, then you may appeal to the County Court by giving a notice to Council in the prescribed form of your intention to appeal. Your appeal must be lodged in February or March after receiving this notice or within two months of receiving this notice if it is received between 1st February and 30th June.

Refer to section 184 of the Local Government Act 1989 for details as to how any appeal will proceed.

Ros Humphrey
REVENUE MANAGEMENT CO-ORDINATOR

Any payment not received by the relevant due date, whether by post or in person, will be considered overdue and will attract interest charges.

When remitting by post, do not include bank notes but forward money order or cheque crossed 'not negotiable' and made payable to the 'Mornington Peninsula Shire Council'.

Please notify the Council of any changes to your mailing address.

Dear Sir

W.M.I. MAXWELL

PROPERTY: 6 VIEW POINT ROAD, McCRAE

I am in receipt of your letter dated the 31st January, 1989 wherein you requested information with respect to an impending transfer of a property.

As regards the specific questions you raise, you will appreciate that the Council has no statutory duty to provide information on whether a property complies with relevant legislation. Thus any information the Shire may supply in this regard is necessarily of a limited nature only.

Nevertheless, in an attempt to be as helpful as possible, appreciating the limitations adverted to above, I will set out below such information as can be provided:-

I caution, however, that this information should be taken as a guide only and should not be relied on by your client for the purposes of decision making in respect to the purchase or otherwise and that expert or further advice should be independently obtained by your client where any doubt or problem is anticipated or encountered.

1. A search of our records indicates that the above property is vacant land.

N.B. As you are aware there is no requirement for Council to provide details of approvals granted greater than seven (7) years ago. DO NOT RELY upon details of approvals granted in excess of seven (7) years as they are often sketchy and unable to be verified.

2. There are no existing 'Orders' under the provisions of the Victoria Building Regulations.

In conclusion I feel bound to repeat that whilst every care has been taken (within the limitations mentioned) to provide the above information, no warranty of reliability is given and no responsibility to any person (including your client is accepted by the Shire for errors or omissions howsoever arising in this regard whether by negligence or otherwise).

I also repeat that independent enquiries and the use of independent experts should be made where any doubt or problem is anticipated or encountered.

Yours faithfully

Dear Sir,

Re: Dr. William Murray Maxwell
Property: "Rosmarin" View Point Road, McCrae

We are Solicitors for Dr. W. M. Maxwell, the owner of "Rosmarin" View Point Road, McCrae. This property was subdivided and the Plan of Subdivision is with the Registrar of Titles for his approval.

One of the requisitions from the Registrar of Titles reads as follows:- "The Council of the Shire of Flinders has made a requirement in respect of water supply on this Plan of Subdivision pursuant to Section 569 E (1A) of the Local Government Act 1958 as amended" This requisition was made as far back as the 22nd of October, 1974. The application was lodged at the Office of Titles by Messrs. R. W. Barrie & Co., Solicitors of Melbourne but this firm is now in the hands of the receiver appointed by the Law Institute of Victoria. Our client, Dr. Maxwell, is most anxious to have the Plan of Subdivision approved as soon as possible and an enquiry at the Office of Titles today showed that the requisition of the Registrar is still out standing. The Registrar asks for a letter from you stating when requirements have been complied with or have been withdrawn by the Council.

Will you kindly let us know by return what the present position is regarding this and whether you are able to supply the Registrar with the required letter.

Will you kindly treat this matter as urgent.

Yours faithfully,

The Shire Engineer,
Shire of Flinders,
Shire Office,
DROMANA. VIC. 3936

4 SEP 1974

Dear Sir,

Consent, subject to certain Conditions, to the
sealing of a plan of subdivision by a Municipality.
Local Government (Subdivision of Land) Act 1973 No. 8531.
Part of Crown Portion 1. Section B
Parish of Wannaeue
Owner: M. Maxwell
Your ref: No. ST. 7 P.S. 1663

The Commission has investigated the plan of subdivision forwarded with your letter of 11th July, 1974, and notes that while preliminary enquiries have been made by the subdivider, regarding the provision of a reticulated water supply, no formal agreement has yet been entered into.

Accordingly, I have now to advise that the Commission, acting as the constituted Water Supply Authority in respect of the land in question, by virtue of the provisions of the Water Act, 1958, consents, subject to compliance with the condition set down below to the sealing of the plan of subdivision. It should be clearly understood that such conditional consent does not constitute the formal consent of the Commission as required by Section 569B(7)(b) of the Local Government Act, 1958, unless the requirement is fully complied with and for the purposes of Sections 569(7)(b) and 569B(7E) of that Act, the Commission shall without further notice be deemed to have hereby formally refused its consent if the conditions are not fully complied with.

The condition referred to above is that under the provisions of Section 569(1B) of the Local Government Act, the Council is requested to make a requirement under Section 569E(1A) of that Act requiring the owner to undertake to cause to be paid to the Commission the sum of Three Hundred Dollars (\$300) which sum has been assessed by the Commission to be a fair and reasonable contribution towards the cost of works for the service of the subject land.

The Council's attention is drawn to the provisions of Section 569E(3A) of the Local Government Act which requires the consent of the Commission to be obtained before a statement is lodged in the Office of Titles, to the effect that a requirement made pursuant to Section 569E(1B) of that Act has been complied with.
