I&S from I&S Prospect Hill Rd (to the rear of I&S Point Nepean Road) has called through and advised me of earthworks that are occurring in southern corner of I&S Point Nepean Road and abutting her property. There is currently a planning permit (P18/0533) on advertising for works at I&S Point Nepean Road but there are no details of works in this corner. I&S is concerned due to the land being of high susceptibility that these works may have required a planning permit. It is unclear how much cut/fill has occurred and if it has occurred on her property.
