That's great Matt, we may be able to refer to SEW for rectification and liability. Could we get the water tested to see if its tap water as it was reasonably clear compared to the milky water coming from the spring.

Hi Dane, here's the SE Water infrastructure map for Charlesworth. I'm meeting the owner of 3 Penny Lane tomorrow and will pop up to Charlesworth to have a look.

Just posting this to see how long it takes to get repaired.  
Water coming out of the road for about 3 weeks now waiting for the massive washout .
