Date of Application 21/12/2015

Notes/ Building permit conditions of application:

- Building levy is determined from the value of building work or replacement value. An audit may occur if amount indicated on this form is considered inaccurate or inconsistent with industry standards. Levies are collected by Red Textas and forwarded monthly to the Victoria Building Authority.
- Applicants are obliged to indicate on this form any building work that is proposed to be carried out by owner and associated cost.
- The signing of this form acknowledges the appointment of Michael Shaw as the Relevant Building Surveyor for the building work, as prescribed by Section 76 of the Building Act. It also acknowledges that there has been no other building surveyor appointed in the same role.
- The signing of this form acknowledges that no building work has commenced and an understanding that no building work may commence until the applicant has received the building permit.
- If in the event that building enforcement work needs to be carried out (i.e. issuing of Building Notices and Order) this will be charged separately at standard industry rates. Same applies to Building Permit Variation and other work non-specified at this time.
- If an owner-builder there are restrictions on the sale of the building under section 137B of the Building Act 1993. Section 137B prohibits an owner-builder from selling a building on which domestic building work has been carried out within 6 1/2 years from the completion of the relevant building work unless they have satisfied certain requirements including obtaining compulsory insurance.
