Hi Ben,

Please find attached our reverse brief for the McCrae landslide.

Once you have digested suggest we catch up to discuss. I am on site first thing Monday until around lunch time.

Note that the fees associated with the proposal issued yesterday for intrusive works (PSM5665-017L, 6/02/2025) are included in this budget. We only split it out so you can see the details for communication with the owners. All disbursements (sub-contractors, sub-consultants) we have had quoted to date are included in the budget. Where they have not been quoted, allowances have been made (e.g. laboratory testing budgets).

Have a good weekend.

Regards,
